

**ASSISTANT PROFESSOR IN PALEOCLIMATOLOGY**  
**DEPARTMENT OF GEOSCIENCES, OREGON STATE UNIVERSITY**  
**Announcement date: May 12, 2002**

OREGON, CORVALLIS 97331-5506. Oregon State University.

The Department of Geosciences seeks to hire a full-time, 9-month, tenure track  
ASSISTANT PROFESSOR IN PALEOCLIMATOLOGY.

For full consideration candidates should apply by September 15, 2002 and the successful  
applicant's availability will determine the start date.

We seek a colleague whose research uses quantitative studies to address mechanisms of  
climate change across a range of time and spatial scales. This position will strengthen a  
research focal area for the department, composed of Geology and Geography Programs,  
and complement the efforts of OSU faculty working on a campus-wide research theme  
highlighting Atmosphere, Ocean and Earth Systems. The successful candidate will  
conduct a vigorous, externally funded research program and teach at the undergraduate  
and graduate level in the Geosciences Department with an approximate distribution of  
effort at 50% research, 40% instruction, and 10% service. A Ph.D. is required at the time  
of hire. This position is funded through education and general funds.

Applicants should send a letter of application describing your research and teaching  
interests, and other qualifications for this position, curriculum vita, and names of three  
referees (with contact information) to: Chair, Paleoclimatology Search Committee,  
Department of Geosciences, Oregon State University, Corvallis, OR 97331-5506. Fax  
541-737-1200, Voice 541-737-1201.
